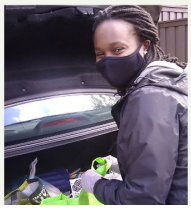
ARLINGTON NEIGHBORHOOD VILLAGE CONNECTS OLDER ADULTS TO THE COMMUNITY AND PROVIDES THE VOLUNTEER HELP THEY NEED TO LIVE INDEPENDENTLY IN THE PLACES THEY CALL HOME.



Arlington Neighborhood Village was formed in 2013 by a group of friends looking to answer the questions, "How can we continue to live in the homes and neighborhoods we love as we age? What support do we need to remain independent, but not lonely? How can we create a community of neighbors helping neighbors age in place in Arlington?"

After over eight years in operation, our village has grown to 335 members served by a multi-generational corps of over 215 active volunteers. ANV volunteers provide practical help like transportation to the doctor, prescription pickup, and weekly food bank deliveries. They ward off isolation and loneliness by teaching new technology, making friendly visits, exploring shared interests, or simply sharing a cup of coffee.

ANV provides generous financial assistance for those with limited incomes. Our village includes people of all abilities, races, cultures, and income levels and we strive for programs reflective of, and responsive to, our members.

Our village is more than a service provider—every interaction is an opportunity for connection. Deep bonds and long-term friendships develop. ANV helps older adults remain independent, engaged and resilient.

Together we are creating an Arlington where older adults of all backgrounds and economic means can age in place with the support of a vibrant, caring community.

This the power of neighbors helping neighbors.
