Wed, September 28, 2022: *The C&O Canal National Historical Park*

Running from Washington, DC, to Cumberland, MD, the C&O Canal towpath is 184.5 miles long, providing a popular place for people to bike, hike, run, and walk. The park encompasses more than 20,000 acres, includes more than 1,000 historic structures, and is home to 200 rare, threatened, and endangered plants. More than 5 million people visit the park each year, making it the 11th most visited National Park, with more visitors than Yellowstone, Grand Canyon, and Rocky Mountain National Park. Charissa Hipp, from the C&O Canal Trust, will talk about the park's history and the C&O Canal Trust's role as the official nonprofit partner to the park.
