Arlington Neighborhood Village
Strategic Plan

Mission
To enable seniors to continue living safely, independently, and with an enhanced quality of life in their own homes and communities as they age by providing access to support services and social programs.

Vision
Over the next five years, Arlington Neighborhood Village will become an essential piece of the social safety net for seniors in Arlington, providing volunteer services for older adults from all segments of the community and collaborating with the County and senior-serving organizations to make aging in place possible for those who want it.
