

## ANV 10 Year Anniversary Business Sponsorship Opportunities

Arlington Neighborhood Village provides not only the direct services older adults need to stay in their homes safely, but also cultivates opportunities for meaningful connection and community engagement.

The Arlington business community benefits when seniors can age in place in the neighborhoods in which they have built their lives. Members of Arlington Neighborhood Village are invested and contribute to our community as active volunteers, committed voters, and informed consumers. Village members look to each other and ANV as resources for referrals to businesses and service providers for their health, financial, and housing needs.

Together with our partners, Arlington Neighborhood Village can maximize the power of community to create meaningful changes in the way we age. By joining together, we can work to ensure that older adults continue to have opportunities to contribute to the community and have access to all that makes Arlington an ideal home for a lifetime.
