

## Rebuilding Together-AFF is Ramping Up Free Home Repairs

Over the past 36 years, Rebuilding Together Arlington/Fairfax/Falls Church has provided free home repairs to more than 2,800 homeowners and nonprofits. With our increased capacity, we're now able to help more homeowners and make deeper repairs.

**Applications are Now Open** for Arlington and Fairfax County residents to apply for home repairs and accessibility modifications. To qualify, you must:

- Own and live in your home
- Have a total gross household income that does not exceed \$68,500 for one person or \$78,250 for two people, with a sliding scale for larger households (slightly higher for Arlington).

### Our Services Include:

- **Fall Safety and Aging in Place:** Installing grab bars, double handrails, comfort-height toilets, toilet safety rails, and brighter LED lighting.
- **Assistance for Those with Disabilities and Limited Mobility:** Installing exterior handrails, building wheelchair ramps, and installing electric stair lifts.
- **General Home Repairs:** Securing doors and windows; repairing hazardous dryer ducts; installing smoke and carbon monoxide alarms; sealing air leaks; replacing non-functioning appliances and leaking water heaters; making plumbing, electrical, and HVAC repairs; and fixing fences and gates.

**Our Team:** While we rely primarily on skilled volunteers, we engage corporate and faith-based teams for larger projects and hire professional contractors for complex repairs. Not every home is a good fit, and we can't fix every problem in every home, but we aim to help as many homeowners as possible.

**Funding:** Rebuilding Together-AFF receives funding for this Home Repair program from Fairfax County and Arlington County Community Development Block Grant as well private donations.
